About Orbital Education Group

Orbital Education Limited is a United Kingdom based management and holding company of a group of companies involved in the ownership and operation of International schools for children aged 9 months to 18 years of age. From our UK headquarters we operate twelve schools in Spain, Hungary, Slovenia, Mexico, Qatar, China, Ecuador and Albania. We are a well invested financially secure family owned group. Being at the forefront of delivering high quality international education has always been a focal objective of the group. Our ethos ensures a safe, high-quality environment for children and adults in all our schools and other premises. We aim for all our children to become well rounded, internationally minded adults based on the excellent experiences of their schooling and on the preparation they receive to contribute positively to any community they may choose to live in.

Commitment and Policies

Throughout our group we are unified in our commitment against the unacceptable practice of forced or compulsory labour, child labour and human trafficking. We operate a zero tolerance in this regard. We will continue to implement policies, as we see a need, which aim to prevent this within our group operations and to best of our ability within any of our supply chains.

Based on the review of suppliers up to date, we consider the risk of slavery or human trafficking within our supply chain to be low given the nature of our suppliers. If issues arise which may be considered as related to modern slavery all staff have the opportunity to use our internal whistle blowing policy to confidentially report any circumstances of concern.
